

Introduction MÁV Service Center Ltd.

Providing back office services on the market

MÁV Service Center Ltd. was created in 2013 through the integration of units providing back office services to several companies within the MÁV group. The company employing roughly 2200 people provides IT, human resources, accounting, procurement and logistics, management, work safety, and environmental protection services both to third-party clients and group members. The four pillars of the company are: Economic Business Unit, Human Resources Business Unit, Procurement and Logistics Business Unit, IT Business Unit.

Leveraging its expertise accrued in a few decades, its mastery of state-of-the-art systems and experience gained from serving one of the largest groups of the country, it readily stands at the service of its clients, hoping to count your company among them.
